Razvoj novog modela stjecanja kliničkih vještina provedbom stručne prakse na studiju sestrinstva

**RAZVOJ NOVOG MODELA
STJECANJA KLINIČKIH VJEŠTINA
PROVEDBOM STRUČNE PRAKSE
NA STUDIJU SESTRINSTVA**

Ovaj projekt usmjeren je na unaprjeđenje kvalitete stručne prakse, jačanje kompetencija osoblja za razvoj modela učenja kroz rad te provedbu stručne prakse na studiju sestrinstva kroz suradnju projektnih partnera. Iako se stručna praksa na studiju sestrinstva na HKS-u odvija na zdravstvenim ustanovama svih razina (primarnoj, sekundarnoj i tercijarnoj), većina radnog opterećenja stručne prakse odnosi se na zdravstvene ustanove na tercijarnoj razini.

U navedenim tercijarnim zdravstvenim ustanovama stručnu praksu ne obavljaju samo studenti sestrinstva već i učenici srednjih medicinskih škola, što prouzrokuje preopterećenost i rad u velikim grupama, čime se onemogućuju prilike za individualan rad i pristup pacijentu te se smanjuje kvaliteta pripremljenosti studenata za njihovo zanimanje.

Uvođenjem novih modela stručne prakse žele se povećati kompetencije studenata koje su nužne za kvalitetno obavljanje zdravstvene skrbi u svim privatnim i javnim institucijama i službama, a koje bi posljedično dovele i do povećanja zapošljivosti studenata sestrinstva. Novi modeli stručne prakse u sebi sadrže inovacije u nastavnim metodama, nove i poboljšane oblike stjecanja znanja i vještina.

THE CATHOLIC UNIVERSITY OF CROATIA IS PROUD TO INTRODUCE
THE

UniCath Journal of Biomedicine and Bioethics

The UniCath Journal of Biomedicine and Bioethics is a novel initiative ratified by the University Senate on January 16, 2024. Our goal is twofold: to advance the frontiers of research in the intersecting disciplines of biomedicine and bioethics and to provide an educational platform for our nascent researchers.

CURRENT ISSUE

a new Bachelor's program in Midwifery – academic year 2025/2026
Department of Nursing + Department of Midwifery = Faculty of Health Studies

Our department promotes itself through multiple channels:

- Faculty achievements and research recognition
- Student-led activities and ambassador programs
- Social media, website updates, and videos
- Participation in conferences and publications
- Highlighting partnerships with hospitals and practical training

The main goal:

These efforts work together to attract students, raise awareness, and strengthen the department's reputation.

Ten-year promotional strategy highlights
Increased visibility and student engagement
